

Pressure Washers

Preheat, Inc.

Our line of hot and cold units set the offshore industry standard for quality and dependability. Whether your needs are for hazardous locations, or for mud, rust, paint removal or general maintenance, Preheat offers a versatile fleet of technologically-advanced cleaning systems to meet your every need.

Safety and Service

We've got you covered

Our units are easily serviced and most common parts are included in the tool box that comes with the units. If a unit does need major repairs, there is no down time because we can change it out immediately to keep your company up and running. Units are available in 480 volt 3 phase, or 230 volt 3 phase models. Also diesel-driven hot water units, non explosion-proof units, 110 volt and 220 volt units.

Quality Design and Engineering
