- Rig and tank cleaning

INTEGRATED SERVICES AND EQUIPMENT CAPABILITIES

- Forklifts/Manlifts
- Frac tanks
- Comprehensive equipment packages including cost efficient well drilling packages
- Fluid services

OUR COMMITMENT

We combine years of experience with the latest equipment and technology to provide equipment and services that meet the highest industry standards. We provide training to keep safety a top priority. We have grown by providing our customers with productive, hands-on management, and evolving product and service capabilities to best meet their needs.

YOU CAN RELY ON CHI SOLID WASTE MANAGEMENT SERVICES

CHI can help you reduce your costs related to waste generated at drilling locations. We supply roll-off containers (in a variety of sizes) for collecting oil-based cuttings, to companies operating in Louisiana, Texas, and beyond.

Our skilled solid waste management crews transport and dispose of drilling mud and cuttings safely and efficiently. Our services also include roustabout crews to set up and maintain equipment; experienced, OSHA-trained drivers; and a wide range of additional equipment and services available through our integrated group of specialized companies. We operate 24 hours a day, seven days a week.

For solid waste management, fluid services, equipment and more you can rely on CHI and a full complement of OMNI land-based services
