## OUR COMMITMENT

We combine years of experience with the latest equipment and technology to provide services that meet the highest industry standards. Our crews receive comprehensive training and certification, including safety training in:

- Confined Space
- Hazardous Materials
- H2S Safety
- NORM Awareness
- OSHA Basics
- Water Survival / HUET
- Safe Gulf Orientation

Trussco, Inc. provides specialized expertise in industrial cleaning services for the petroleum industry. Our single focus - industrial cleaning - enables us to limit our customers' exposure to hazardous substances. Our broad range of environmental cleaning services is designed to meet the needs of production and drilling-related oil and gas companies, in and along the Gulf of Mexico. The addition of spar hull inspections to our comprehensive line up of services is a natural fit for our highly-skilled crews.
